

Santosh Chapagain

DATA CONVERSION ENGINEER

Clarksburg, MD | 605-592-6784 | chapagain.santosh@hotmail.com

Summary

Results-driven Data Engineer with 6 years of experience in analyzing, processing and visualizing data to drive organizational success. Passionate about leveraging data to shape impactful strategies, I bring a strong analytical mindset, technical expertise, and a commitment to delivering high-quality results. Eager to contribute to a forward-thinking team by utilizing skills in data conversion, analysis and pipeline architecture.

Skills & abilities

- **Programming:** Python, SQL (PostgreSQL, MSSQL, MySQL), R, Bash, C, PowerShell
- **ETL Tools:** Pentaho Spoon, Talend, Microsoft Fabric
- **Automation & DevOps:** Git, SVN, CI/CD Pipelines, Azure DevOps
- **Data Visualization & BI:** Power BI, Tableau
- **Project Management:** Jira, Cross-functional Collaboration

Experience

University of Maryland, College Park | Software Engineer, Data Conversion Feb 2025 – Present

- Building an ETL framework in Microsoft Fabric to efficiently convert student data from legacy system to Workday.
- Working with the stakeholders on planning and formulating an efficient conversion process.

CentralSquare Technologies | Senior Data Conversion Engineer May 2019 – Feb 2025

- Developed, maintained, and optimized scalable ETL pipelines to centralize 40 TB of federally protected customer data, ensuring minimal downtime and smooth deployment.
- Designed and implemented automation scripts using Python and PowerShell to streamline bug fixes, data validation, and deployment processes, improving efficiency by 50%.
- Led code reviews, mentored team members, and established best practices in data engineering to support team growth and knowledge sharing.
- Built monitoring solutions to detect data anomalies and ensure data quality, collaborating with stakeholders to proactively address data accuracy requirements.
- Enhanced data mapping scripts and developed custom mapping reports, improving operational workflow by reducing manual tasks and increasing accuracy.

Butwal Sub-metropolitan City Office, Nepal | ICT Engineer July 2014 – Jun 2016

- Designed and implemented data governance and data quality frameworks, ensuring regulatory compliance and data integrity.
- Created dashboards and KPI monitoring tools to support strategic insights, delivering actionable data visualizations for internal stakeholders.

- Supported junior team members in data management tasks and compliance with best practices, fostering a collaborative environment.

Education

South Dakota State University, Brookings, SD

2018 - 2019

Master's in Data Science, 4.00

South Dakota State University, Brookings, SD

2016 - 2019

Master's in Electrical Engineering, 4.00

Tribhuwan University, Pulchowk Campus, Nepal

2008-2012

Bachelor's in Electronics and Communication Engineering, 3.75
